PARENT/GUARDIAN CONSENT

Parent/Guardian Consent Policy

Parents/guardians must provide consent for their minor children for services at the health center. Students without a consent form signed by a parent/guardian on file will not be seen, except for a student's first visit to the health center, when staff will telephone parent/guardian for verbal consent on a one-time-only basis. The only other exceptions, according to Michigan law are: emergencies threatening life or limb; substance abuse services; family planning counseling services; HIV counseling and testing; sexually transmitted infection treatment; and-- for minors 14 and older—mental health services. People who are age 18 or older, legally emancipated, legally married, under court- order, in the presence of a law officer when the parent cannot be promptly located, and/or members of the US Armed Forces provide consent for services themselves.

The health center does not provide abortion counseling, services, or referrals.

Consent for Immunizations

I understand my/my child's immunization (shot) records from the Michigan Childhood Immunization Registry (MCIR) will be reviewed. If it is determined that I/my child needs a shot, I give my permission for it to be given at the Child and Adolescent Health Center, and I give permission that the administration of the vaccine be recorded in the Michigan Childhood Immunization Registry. I understand a letter with the needed shot and Vaccine Information Sheet(s) will be sent home for my review at least 1 week before the immunization is planned to be given. If I do not want the shot given to me/my child, I need to call or write to the Child and Adolescent Health Center before the planned shot day.
