

# Jurisdiction COVID-19 Monthly Summary – August 2021

The purpose of this monthly summary is to provide information regarding cases referred to the health department over the past month. Information is obtained through the Michigan Disease Surveillance System (MDSS). Data provided is for confirmed cases only unless otherwise noted as probable. \*Starting November 24, 2020, we began reporting total COVID-19 cases, which includes the sum of confirmed and probable cases. This report reflects that change.

## Antrim, Charlevoix, Emmet and Otsego County August Summary

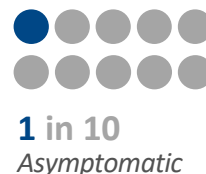

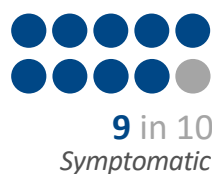

### Known source of exposure has been identified for less than half of the cases.

- 1** 40 cases were associated with a named outbreak
- Of those unassociated with an outbreak, **114** cases were household contacts meaning they are connected to another positive COVID-19 case *within* the same household.
- Of those unassociated with an outbreak, **59** cases were community contacts meaning they are connected to another positive COVID-19 case *not within* the same household.
