The Path to Reading...

18 months

You can:

- ★ **Obtain** a library card and borrow books often. A variety of books will help your child develop his imagination and learn more about the world
- ★ **Give** your child a chance to turn the pages and answer as he points and names what he sees on the page.
- ★ **Listen** to sounds with your child. Ask, "Do you hear the bird? There goes a truck. Vroooooom!"

Book Corner: Children at this age especially love animal books of all sizes and shapes. They also enjoy short picture books with only a few words on a page.
