

If you are enrolled in state health care coverage (Healthy Michigan Plan, Medicaid, MI CHILD, Healthy Kids etc...), you are required to complete health care coverage renewal paperwork at least once every 12 months.

STEP 1.

You will receive a renewal (redetermination) letter in the mail and in your MI Bridges online account.

Your renewal letter (also called a *Redetermination Notice*) should arrive in your 11th month of coverage.

STEP 2.

You can log-in to your MI Bridges account to complete renewal online or you can complete and return the Redetermination form you receive in the mail.

To complete your renewal online, visit www.michigan.gov/mibridges. You will log-in using the MI Bridges username and password you created when you applied. If you do not have an account, you can create one.

STEP 3.

If you do not turn in the renewal paperwork by the deadline, you may lose your coverage. If you lose your coverage you can reapply at any time.

If you lose your coverage, you can reapply at any time through your MI Bridges online account, over the phone at **1-855-789-5610**, or by scheduling an in person assistance appointment at the Health Department of Northwest Michigan by calling **1-800-432-4121**.

Helpful Tips:

- ⇒ Your renewal due date is listed on the first page of your renewal letter and forms. If you need more time, contact your DHHS Specialist and request an extension. Your Specialist can grant up to two 10 day extensions; however you may not be notified that your request was granted.
- ✓ *If you can't reach your specialist via phone to request an extension, send an email so that you have proof of the request. Your specialist's email address is the Specialist ID (located on the top right corner of any letter you get from DHHS) followed by @michigan.gov.*
- ⇒ DHHS may request income verification for the last 30 days for all types of income.
- ⇒ DHHS may request information regarding your assets. This may include: bank accounts, land, cars etc...
- ⇒ *This information is **NOT** used but is **required** to determine eligibility for the Healthy Michigan Plan, MIChild, or Healthy Kids. If you are completing your renewal online you may have to complete asset based questions to move forward with the renewal. If a question does not have a red asterisk next to it, you can move forward without answering.*
