COVID-19 Otsego County
Monthly Summary – December 2020

The purpose of this monthly summary is to provide you with more information regarding cases referred to the health department over the past month. Information is obtained through the Michigan Disease Surveillance System (MDSS). Data provided is for confirmed cases only unless otherwise noted as probable. *Starting November 24, 2020, we began reporting total COVID-19 cases, which includes the sum of confirmed and probable cases. This report reflects that change.
