# PARENT/GUARDIAN CONSENT

## Parent/Guardian Consent Policy

Parents/guardians must provide consent for their minor children for services at the health center. Students without a consent form signed by a parent/guardian on file will not be seen, except for a student's first visit to the Rambler Wellness Program, when staff will telephone parent/guardian for verbal consent on a one-time-only basis. The only other exceptions, according to Michigan law are: emergencies threatening life or limb; substance abuse services; family planning counseling services; HIV counseling and testing; sexually transmitted infection treatment; and-- for minors 14 and older—mental health services. People who are age 18 or older, legally emancipated, legally married, under court- order, in the presence of a law officer when the parent cannot be promptly located, and/or members of the US Armed Forces provide consent for services themselves.

**Services not provided include prescribing medications, dispensing birth control, provision of abortion counseling or referrals, and dispensing of medications other than those covered under standing orders.**

By signing this form I certify that I am the legal guardian and legal custodian of \_\_\_\_\_  
Student's name

### Consent for Services

Rambler Wellness services include: mental health services (individual, family and group counseling); and medical services, including: school nursing services, including nursing assessment and care, injury treatment, medication administration, chronic disease management, basic laboratory services and tests, referral for specialty health care services; and primary care services through the use of telehealth equipment.

- I have reviewed and understand the services offered by the Rambler Wellness Program.
- For Parents/Guardians - I give consent for my child to receive the services described above until age 18.
- I understand it is not necessary to renew my consent yearly. I further authorize the Rambler Wellness Program to release information regarding treatment to the following: Rambler Wellness Program staff and its subcontractors, and other health care providers when needed to coordinate care; school staff when needed to coordinate services at school, including communicable disease response; and third-party payers when needed for payment of services. I understand I may withdraw my consent for services at any time upon written notice.
- I understand that Rambler Wellness Program staff may access school records for the purpose of coordinating services.
- I received a copy of the Health Department's Notice of Privacy Practices brochure.
- I understand that testing for bloodborne diseases, including HIV/AIDS, may be performed upon a patient without separate written consent in the event that a healthcare professional receives a cut or exposure to my child's blood or body fluids.
- I understand that if additional services are needed, telehealth technology may be offered to connect with Munson Healthcare Boyne Area Health Center to work together for a diagnosis and treatment plan.
