

Andrew and Neeko, Otsego County

Healthy Families Northern Michigan...

is a voluntary, home visiting program to support you on your family's journey by building a secure relationship with your child, discussing developmental milestones, and promoting activities and play.

Erin, Roscommon County

How Does Healthy Families Northern Michigan Work?

HFNM home visitors may begin seeing you when you are pregnant and can continue visits until your child is four years of age.

Sage and Athena, Antrim County

See what our families are saying!

I love having a support person in my corner. Having my home visitor there and available keeps me from feeling I am doing this alone. My family loves and believes in this program. ~ Iosco County

Becoming a new mom, I was worried that I wouldn't know certain steps to raise my child. Healthy Families program helped me with those steps and helped my child grow. ~ Emmet County

Sometimes it's nice to hear that you're doing good and that I should be proud of myself. ~ Ogemaw County

I think it [the program] makes us closer, because it gives me time to stop and focus on one on one time with just her [my child]. ~ Charlevoix County

I really like that the program is in the house. I enjoy the activities and watching him [my child] learn new things. ~ Oscoda County

You [HFNM Home Visitor] were there for us in the hard, frustrating times and celebrated with us through all of our achievements. You were the one constant voice always cheering me on even when I felt that I was failing. ~ Roscommon County
